It is proposed to the General Meeting to release the members of the Supervisory Board from liability with respect to the performance of their supervision during the financial year 2015 as appears from the Annual Accounts or otherwise disclosed prior to adoption of the Annual Accounts.

Agenda item 7: Amendment compensation policy Management Board (*voting item*)

#### **Introduction**

It is proposed to amend the Compensation Policy for the members of the Management Board, as adopted by the General Meeting held on September 10, 2014. In view of the significant developments of ProQR, in combination with the changing characteristics of the competitive environment and in line with the ProQR practice of regularly reviewing the Compensation Policy, the Compensation Committee has evaluated and reviewed the Compensation Policy during 2015. The Compensation Committee was assisted by independent external advisors in this process.

Based on the outcomes of the review, the Compensation Committee proposed to the Supervisory Board to make a few amendments to the Compensation Policy. Further to the proposal of the Compensation Committee, the Supervisory Board proposes the following changes to the Compensation Policy, and recommends the General Meeting to adopt these amendments. The proposed Compensation Policy is available on the website of ProQR ([www.proqr.com](http://www.proqr.com))

#### **Compensation reference group**

The current compensation reference group consists of 16 companies, with a mix of U.S. based companies and European based companies. Further to the significant developments of ProQR over the past years and the increased focus on the U.S. as the competitive environment for talent, the composition of the compensation reference group has been reviewed.

A thorough comparability analysis has been conducted, taking into account companies in the Biopharma and Life Sciences industry, with a comparable research focus and company size. Based on the results of this analysis an amended compensation reference group is proposed, a balanced group consisting of 20 U.S. based companies that appropriately reflect the competitive environment of ProQR.

### **Compensation level – Long Term Incentive**

The compensation packages of the members of the Management Board will continue to consist of four components: (i) annual base salary, (ii) a Short Term Incentive (STI), (iii) a Long Term Incentive (LTI), and (iv) pension.

The Compensation Policy aims at a compensation level for the total of the direct components (the sum of annual base salary, the STI and the LTI) that is in line with the median of the market compensation levels within the compensation reference group. However, based on a market comparison analysis of the current compensation levels of the members of the Management Board against the compensation reference group, the current compensation levels are significantly below the median of the market compensation levels. In light of the maturity level of ProQR's business and taking into account the funding of the compensation of the members of the Management Board, it was decided by the Supervisory Board not to make any increases to the cash related components of the compensation package, i.e. the annual base salary as well as the STI will be maintained at the current level and will not be increased.

However, to ensure the members of the Management Board are rewarded fairly in line with the principles of the Compensation Policy principles, it is proposed to provide the discretionary power to the Supervisory Board, upon recommendation of the Compensation Committee, to make grants of stock options as an LTI to the CEO up to a maximum value of 300% of base salary and to the other members of the Management Board up to a maximum value of 200% of base salary. The actual amount of stock options to be granted as an LTI to the members of the Management Board will be determined annually by the Supervisory Board depending on the contribution to the strategy, the long term development of ProQR, the individual performance of the members of the Management Board and taking into account the aimed alignment of the compensation level with the median of the compensation reference group.

### **Agenda item 8: Composition Supervisory Board**

In view of the expansion of the Supervisory Board following the IPO of the company in 2014 and to ensure a proper composition of the Supervisory Board going forward, the Supervisory Board has, in accordance with Article 12 of the Supervisory Board Rules, updated and amended the rotation schedule for the members of the Supervisory Board in the following manner:

Adoption of this proposal by the General Meeting includes the authorization of each executive director of the Company and also each civil law notary, deputy civil law notary and notarial assistant of Allen & Overy LLP, each of them severally, to have the deed of amendment of the articles of association of the Company executed.

Agenda item 11: Appointment Deloitte Accountants B.V. as the Company's external auditor for the financial year 2017 (*voting item*)

The General Meeting is, in principle, the corporate body authorized to annually appoint the external independent auditor for the audit of the Company's annual accounts. In the 2015 AGM, the General Meeting appointed Deloitte Accountants B.V. as the external independent auditor for the audit of the Annual Accounts for the financial year 2016. The Audit Committee has assessed the performance of Deloitte Accountants B.V. as external independent auditor for the Company in May 2015 and continuation of the appointment of Deloitte Accountants B.V. was recommended.

It is proposed to appoint Deloitte Accountants B.V. as the external independent auditor for the audit of the Company's annual accounts for the financial year 2017.

Agenda item 12: Authorization of the Management Board to acquire ordinary shares in the capital of the Company (*voting item*)

Under Article 10 of the articles of association of the Company and Dutch law, the Company may, subject to certain statutory Dutch law provisions, acquire for consideration and hold, hold as pledgee and/or hold through its subsidiaries, up to fifty percent (50%) of the Company's issued share capital. Any acquisition of shares in the Company's own capital for consideration is subject to the authorization of the General Meeting, which authorization shall be valid for no more than eighteen (18) months.

The General Meeting has granted the abovementioned authorization in the 2015 AGM, which authorization was effective as of, and for a period of eighteen months from the date of the 2015 AGM.

It is now proposed to authorize the Management Board to perform acquisitions by the Company of (i) up to 10% of the issued share capital of the Company at the date of the AGM plus, in case of a material reorganization of the capital structure of the Company, (ii) an additional 10% of the issued share capital of the Company at the date of the AGM, by any means, including through derivative products, purchases on any stock exchange, through any private purchase or block trade, or otherwise, for a price that is between 0.01 US Dollar and an amount which is not higher than 110% of the average market price of such ordinary shares on NASDAQ (with the market price deemed to be the average of the closing price on each of the five consecutive days of trading preceding the three trading days prior to the date of acquisition), for a period of eighteen (18) months with effect from the AGM.

In case of non-adoption by the AGM of the proposed authorization, the authorization granted by the General Meeting in the 2015 AGM will remain in force.
