- (1) This Registration Statement also covers an indeterminate number of additional ordinary shares, nominal value €0.04 per share, of ProQR Therapeutics N.V. (the "Registrant") that may be offered or issued to prevent dilution resulting from share splits, share dividends or similar transactions in accordance with Rule 416 under the Securities Act of 1933, as amended (the "Securities Act").

The number of ordinary shares registered by the Registrant represents a good faith estimate of the number of ordinary shares which will be issued upon conversion of the Convertible Notes, assuming for purposes hereof, that the Convertible Notes will accrue interest through January 14, 2025 at a rate of 8.2% per annum. If the Convertible Notes convert after the Registrant has paid some of the principal balance or accrued interest on the Convertible Notes, the actual number of shares issuable to the selling shareholders upon conversion of the Convertible Notes, if any, could be materially less than 2,554,578 ordinary shares depending on the amount of principal and accrued but unpaid interest that is converted into shares of ordinary shares at the time. This presentation is not intended to constitute an indication or prediction of the date on which the selling shareholders will convert the Convertible Notes into ordinary shares, if at all.
- (3) Represents the maximum number of ordinary shares issuable upon exercise of warrants to purchase ordinary shares, which were issued to the selling shareholders in a private placement.

We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.

SUBJECT TO COMPLETION, DATED _____, 2020

PROSPECTUS

Up to 2,857,254

Ordinary Shares

This prospectus relates to the resale, from time to time, by the selling shareholders identified in this prospectus, and any of their respective donees, pledgees, transferees, or other successors-in-interest, of up to 2,857,254 of our ordinary shares that are issuable pursuant to the terms of certain convertible notes due January 14, 2025 (the "Convertible Notes") and warrants issued to the holders of the Convertible Notes (the "Warrants"), as further described in this prospectus.

The number of ordinary shares being registered hereunder is comprised of: (i) 2,554,578 ordinary shares issuable upon conversion of the Convertible Notes, which Convertible Notes are convertible into shares of our ordinary shares at a conversion price of \$7.88 per share; and (ii) 302,676 ordinary shares issuable upon the exercise of the Warrants, which Warrants are exercisable for shares of our ordinary shares at an exercise price of \$7.88 per share. The number of ordinary shares registered by the Registrant represents a good faith estimate of the number of ordinary shares which will be issued upon conversion of the Convertible Notes, assuming for purposes hereof, that the Convertible Notes will accrue interest through January 14, 2025 at a rate of 8.2% per annum. If the Convertible Notes convert after the Registrant has paid some of the principal balance or accrued interest on the Convertible Notes, the actual number of shares issuable to the selling shareholders upon conversion of the Convertible Notes, if any, could be materially less than 2,554,578 shares of ordinary shares depending on the amount of principal and accrued but unpaid interest that is converted into shares of ordinary shares at the time. This presentation is not intended to constitute an indication or prediction of the date on which the selling shareholders will convert the Convertible Notes into ordinary shares, if at all.

We are registering the resale of our ordinary shares covered by this prospectus as required by a registration rights agreement we entered into as part of a private transaction involving the selling shareholders, as further described in this prospectus. We will not receive any of the proceeds from the sale of the ordinary shares by the selling shareholders.

The selling shareholders and their respective donees, pledgees, transferees or other successors-in-interest may offer the ordinary shares in one or more transactions at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices, or in trading markets for our ordinary shares. Additional information on the selling shareholders, and the times and manner in which they may offer and sell our ordinary shares under this prospectus, is provided under "*Selling Shareholders*" and "*Plan of Distribution*" in this prospectus.

Our ordinary shares are listed on the Nasdaq Global Market under the symbol "PRQR." On August 31, 2020, the last reported sale price of our ordinary shares on the Nasdaq Global Market was \$6.30 per share.

The following summary provides a brief overview of the key aspects of ProQR Therapeutics N.V. and certain material terms of the securities that may be offered that are known as of the date of this prospectus. Before you decide to invest in our securities, you should carefully consider the risks and discussion of risks set forth under the heading "Item 3. Key Information—D. Risk Factors" in our Annual Report on Form 20-F for the year ended December 31, 2019, filed with the SEC on March 31, 2020, and the subsequent Annual Reports on Form 20-F and Reports of Foreign Private Issuer on Form 6-K that we file with the SEC. For a more complete understanding of the terms of a particular issuance of offered securities, and before making your investment decision, you should read the entire prospectus carefully, including the matters discussed under the heading "Risk Factors" in this prospectus and the documents referred to in "Where You Can Find Additional Information" for information about us, as well as our financial statements.

References in this prospectus to the terms "ProQR," "Company," "we," "us," "ours" or "our," or other similar terms mean ProQR Therapeutics N.V.

Overview

We are developing a broad pipeline of potentially life changing RNA therapies for inherited retinal diseases, a group of rare debilitating eye diseases for which there are currently no treatment options available. We believe our RNA platform based on intravitreal delivery may be suitable to repair defective RNA in the retina and stop progression or even reverse vision loss associated with the diseases. As we deepen our relationships with the community of people living with inherited retinal diseases, we believe we are well positioned to bring these medicines to patients independently, and are therefore preparing for commercialization, particularly in the Western world.

Beyond our clinical portfolio, we discovered and developed a novel proprietary RNA editing platform technology called Axiomer®. Axiomer's editing oligonucleotides, or EONs, are designed to recruit endogenous Adenosine Deaminases Acting on RNA, or ADAR, enzymes to make single nucleotide changes in the RNA in a highly specific and targeted manner at a desired location. We believe our Axiomer platform may be applicable to more than 20,000 disease-causing mutations.

We continuously evaluate opportunities for beneficial collaborations or partnerships to efficiently bring our medicines to patients. In addition, using our discovery engine that is designed to generate a broad pipeline of product candidates, we seek to enter into strategic partnerships for programs that we believe will benefit from such a partnership.

Implications of Being a Foreign Private Issuer

We report under the Exchange Act as a non-U.S. company with foreign private issuer status. As a foreign private issuer, we are not subject to the same requirements that are imposed upon U.S. domestic issuers by the SEC. Under the Exchange Act, we will be subject to reporting obligations that, in certain respects, are less detailed and less frequent than those of U.S. domestic reporting companies. For example, although we intend to report our financial results on a quarterly basis, we will not be required to issue quarterly reports, proxy statements that comply with the requirements applicable to U.S. domestic reporting companies, or individual executive compensation information that is as detailed as that required of U.S. domestic reporting companies. We will also have four months after the end of each fiscal year to file our annual reports with the SEC and will not be required to file current reports as frequently or promptly as U.S. domestic reporting companies. We may also present financial statements pursuant to IFRS instead of pursuant to U.S. GAAP. Furthermore, although the members of our management and supervisory boards will be required to notify the Dutch Authority for the Financial Markets of certain transactions they may undertake, including with respect to our ordinary shares, our officers, directors and principal shareholders will be exempt from the requirements to

report transactions in our equity securities and from the short-swing profit liability provisions contained in Section 16 of the Exchange Act. These exemptions and leniencies will reduce the frequency and scope of information and protections available to you in comparison to those applicable to a U.S. domestic reporting companies.

Furthermore, as a foreign private issuer, we are permitted to follow the corporate governance practices of our home country in lieu of certain provisions of the Nasdaq. We therefore follow Dutch corporate governance practices in lieu of certain Nasdaq corporate governance requirements to seek shareholder approval for a specified issuance of securities.

The number of ordinary shares expected to be outstanding after this offering and, unless otherwise indicated, the information in this prospectus are based on 50,142,711 ordinary shares outstanding as of June 30, 2020, plus an additional 2,857,254 ordinary shares offered by the selling shareholders upon the issuance of the ordinary shares in connection with the conversion of the Convertible Notes and the exercise of the Warrants, as applicable, and excludes:

- 2,761,105 ordinary shares that we issued to a Dutch foundation Stichting Bewaarneming Aandelen ProQR for the administration of option exercises under our equity incentive plans. Such shares are held by the aforementioned foundation until they are transferred to an optionee

upon the exercise of options. As of June 30, 2020, 6,838,884 options have been granted by us with a weighted average exercise price of €6.58 per share; and

- 1,172,924 treasury shares held by us, which had been reserved to transfer ordinary shares to optionees upon exercise of awards under our equity incentive plans as of June 30, 2020.

RISK FACTORS

Investing in our securities involves a high degree of risk. Before investing in our securities, you should carefully consider the risks described below and in the "Risk Factors" section of our Annual Report on Form 20-F for the year ended December 31, 2019, filed with the SEC on March 31, 2020, as updated or superseded by the risks and uncertainties described under similar headings in the other documents that are filed after the date hereof and incorporated by reference into this prospectus, together with all of the other information contained in this prospectus and incorporated by reference herein, and any free writing prospectus that we may authorize for use in connection with this offering. Some of these factors relate principally to our business and the industry in which we operate. Other factors relate principally to your investment in our securities. The risks and uncertainties described therein and below are not the only risks facing us. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also materially and adversely affect our business and operations. If any of the matters included in the following risks were to occur, our business, financial condition, results of operations, cash flows or prospects could be materially and adversely affected. In such case, you may lose all or part of your investment. See the sections titled "Where You Can Find Additional Information" and "Incorporation of Certain Information By Reference" in this prospectus for additional information.

The terms of our loan and security agreement require us to meet certain operating covenants and place restrictions on our operating and financial flexibility. If we raise additional capital through debt financing, the terms of any new debt could further restrict our ability to operate our business.

In July 2020, we entered into a Loan and Security Agreement with certain lenders party thereto (the "Loan Agreement," as amended), that is secured by a lien covering all of our assets, other than our intellectual property. In August 2020, we entered into a Joinder and First Amendment to the Loan Agreement and Joinder to Registration Rights Agreement to expand our loan facility and accommodate the participation of an additional lender. The Loan Agreement contains customary affirmative covenants, negative covenants and events of default. Affirmative covenants include, among others, covenants requiring us to protect and maintain our intellectual property and comply with all applicable laws, deliver certain financial reports, maintain certain minimum cash and other financial covenants, and maintain insurance coverage. Negative covenants include, among others, covenants restricting us from transferring any part of our business or intellectual property, incurring additional indebtedness, engaging in mergers or acquisitions, repurchasing shares, paying dividends or making other distributions, making investments, and creating other liens on our assets, in each case subject to customary exceptions. If we raise any additional debt financing, the terms of such additional debt could further restrict our operating and financial flexibility. These restrictions may include, among other things, limitations on borrowing and specific restrictions on the use of our assets, as well as prohibitions on our ability to create liens, pay dividends, redeem capital stock or make investments, without the prior written consent of the lenders. If we default under the terms of the Loan and Agreement or any future debt facility, the lenders may accelerate all of our repayment obligations and take control of our pledged assets, potentially requiring us to renegotiate our agreement on terms less favorable to us or to immediately cease operations. Further, if we are liquidated, the lenders' right to repayment would be senior to the rights of the holders of our ordinary shares. The lenders could declare a default upon the occurrence of any event that they interpret as a material adverse effect as defined under the Loan Agreement. Any declaration by the lenders of an event of default could significantly harm our business and prospects and could cause the price of our ordinary shares to decline.

Repayment of the Convertible Notes, if they are not otherwise converted, will require a significant amount of cash, and we may not have sufficient cash resources to make payments on our indebtedness.

Our ability to pay the principal of and/or interest on the Convertible Notes depends on our cash position, which is subject to economic, financial, competitive and other factors beyond our control. We

may not have sufficient cash resources at the time of repayment to service the Convertible Notes or other future indebtedness. If we are unable to secure such cash resources, we may be required to adopt and implement one or more alternatives, such as selling assets, restructuring indebtedness or obtaining additional debt financing or equity financing on terms that may be onerous or highly dilutive. Our ability to refinance the Convertible Notes or other future indebtedness will depend on the capital markets and our financial condition at such time. We may not be able to engage in any of these activities or engage in these activities on desirable terms, which could result in a default on our debt obligations, including the Convertible Notes.

The issuance of ordinary shares upon conversion of the Convertible Notes and exercise of the Warrants could substantially dilute your investment and could impede our ability to obtain additional financing.

The Convertible Notes are convertible into and the Warrants are exercisable for shares of our ordinary shares and give the holders an opportunity to profit from a rise in the market price of our ordinary shares such that conversion or exercise thereof could result in dilution of the equity interests of our shareholders. We have no control over whether the holders will exercise their right to convert their Convertible Notes or exercise their Warrants. While the Convertible Notes are convertible at a fixed price of \$7.88 per share and the Warrants are exercisable at a fixed price of \$7.88 per share, both of which are higher than our current market price, we cannot predict the market price of our ordinary shares at any future date, and therefore, cannot predict whether the Convertible Notes will be converted or whether the Warrants will be exercised. The existence and potentially dilutive impact of the Convertible Notes and the Warrants may prevent us from obtaining additional financing in the future on acceptable terms, or at all.

DESCRIPTION OF THE TRANSACTION

Private Placement of Convertible Notes and Warrants

Loan Agreement and Convertible Notes

On July 14, 2020 (the "Closing Date"), we and our wholly-owned subsidiaries entered into the Loan Agreement. In August 2020, we entered into a Joinder and First Amendment to the Loan Agreement and Joinder to Registration Rights Agreement to expand our loan facility and accommodate the participation of an additional lender. The lenders under the Loan Agreement are referred to herein as the "selling shareholders."

Under the Loan Agreement, certain of the selling shareholders agreed to make available to us certain term loans in an aggregate principal amount of up to \$30.0 million, subject to funding in three tranches as follows: (a) on the Closing Date, a loan in the aggregate principal amount of \$10.0 million (the "Initial Loan"), (b) on and after the Closing Date until July 14, 2021, a loan in the aggregate principal amount of \$10.0 million (the "Credit Line"), and (c) on and after the Closing Date until February 14, 2022, a loan in the aggregate principal amount of \$10.0 million (the "Late Withdrawal Loan" and collectively with the Initial Loan and Credit Line, the "Initial Term Loans"). In addition, the Joinder and First Amendment to the Loan Agreement and Joinder to Registration Rights Agreement expanded the facility by an additional €15.0 million in aggregate principal amount to accommodate the participation in the facility by an additional lender. Such additional aggregate principal amount is divided equally into three tranches referred to herein as the "Incremental Initial Loan," the "Incremental Late Withdrawal Loan" and the "Incremental Credit Line" (collectively, the "Incremental Loans" and, together with the Initial Term Loans, the "Term Loans"), that may be drawn down on the same schedule as the Initial Term Loans described above. The obligations of the selling shareholders to fund the Term Loans are subject to certain conditions precedent, including our achievement of certain milestone as set forth in the Loan Agreement.

The maturity date of the Term Loans is 54 months after the Closing Date, with amortized payments commencing 24 months after the Closing Date in ten equal quarterly payments, unless accelerated pursuant to an event of default, as described below. All amounts outstanding under the Term Loans will be due and payable upon the earlier of the maturity date or the acceleration of the loans and commitments upon an event of default. The Term Loans bear an interest rate of 8.2% per annum based on a year consisting of 365 days. In addition, we are required to pay an unused line fee of 1.5% per annum under the Credit Line, Late Withdrawal Loan, Incremental Credit Line or Incremental Late Withdrawal Loan, as applicable.

After 18 months following the Closing Date, we may prepay, from time to time, an amount of not less than \$1.0 million or all of the then outstanding principal balance and all accrued and unpaid interest thereon, subject to at least five (5) business days prior written notice to the selling shareholders and the payment of a prepayment fee equal to 1.0% of the principal amount being prepaid. During the notice period, the selling shareholders may elect to convert such outstanding amounts into our ordinary shares on the conversion terms described in greater detail below.

Under the Loan Agreement, the selling shareholders may elect to convert the outstanding Term Loans into our ordinary shares at any time prior to repayment at a conversion price equal to \$7.88 per share, subject to certain adjustments as provided in the Loan Agreement (the "Conversion Price"). We also have the right to convert at any time all or any portion of the then outstanding Term Loans and all accrued and unpaid interest thereon into our ordinary shares at the Conversion Price, subject to fulfilment of certain conditions as set forth in the Loan Agreement, including that the closing price of our ordinary shares exceeding at least 1.5 times the conversion price for the specified period of trading days prior to conversion.

As security for our obligations under the Loan Agreement, we granted the selling shareholders a first priority security interest on all of our assets, excluding intellectual property, and a negative pledge on intellectual property.

The Loan Agreement contains customary affirmative covenants, negative covenants and events of default, as defined in the Loan Agreement, including covenants and restrictions that, among other things, require us to satisfy certain minimum cash and other financial covenants, and in certain circumstances restrict our ability to incur liens, incur additional indebtedness, engage in mergers and acquisitions, or make asset sales without the prior written consent of the selling shareholders. A failure to comply with these covenants could permit the selling shareholders to declare our obligations under the Loan Agreement, together with accrued interest and fees, to be immediately due and payable, plus any applicable additional amounts relating to a prepayment or termination, as described above.

Warrants

In connection with the entry into the Loan Agreement, we issued to the selling shareholders Warrants to purchase up to an aggregate of 302,676 ordinary shares at an exercise price exercise price equal to \$7.88 per share. The Warrants may be exercised, in whole or in part, at any time until the 5th anniversary of the Closing Date.

Under the Loan Agreement, we in the future may issue one or more additional Warrants under certain circumstances, including in connection with additional drawdowns of the facility.

Registration Rights Agreement

Concurrently with the execution of the Loan Agreement, we entered into a Registration Rights Agreement (the "Registration Rights Agreement") with certain of the selling shareholders pursuant to which we agreed to file and keep effective one or more registration statements with the SEC for the purpose of registering for resale the shares issuable upon conversion of the Term Loans and/or exercise of the Warrants. In August 2020, we entered into a Joinder and First Amendment to the Loan Agreement and Joinder to Registration Rights Agreement to expand our loan facility and accommodate the participation of an additional lender, pursuant to which such additional lender became party to the Registration Rights Agreement.

USE OF PROCEEDS

All shares of our ordinary shares offered by this prospectus are being registered for the account of the selling shareholders. We will not receive any proceeds from the sale of our ordinary shares offered hereby. However, if all of the Warrants were exercised for cash, we will receive proceeds of \$2,385,087. We currently intend to use such proceeds, if any, for general corporate purposes, which may include, but are not limited to, working capital, strategic acquisitions and other potential business development activities, ongoing research and development activities and capital expenditures. If the selling shareholders elect to exercise the Warrants by means of a "cashless exercise," as is allowed pursuant to the terms of the Warrants, we will not receive any proceeds upon exercise of the Warrants.

The selling shareholders will pay all underwriting discounts, selling commissions and expenses incurred by them for brokerage, accounting, tax or legal services or any other expenses incurred by the selling shareholders in connection with the sale of the shares, if any. We will bear all other costs, fees and expenses incurred in effecting the registration of the shares covered by this prospectus, including, without limitation, all registration and filing fees, Nasdaq listing fees and fees and expenses of our counsel and our accountants.

SELLING SHAREHOLDERS

The ordinary shares being offered for resale by the selling shareholders pursuant to the Form F-3 of which this prospectus forms a part are the ordinary shares issuable to the selling shareholders pursuant to the terms of the Convertible Notes and upon exercise of the Warrants. For additional information regarding the issuance of those Convertible Notes and Warrants, see "*Description of the Transaction*." We are registering the ordinary shares in order to permit the selling shareholders to offer the shares for resale from time to time. Except for the ownership of the Convertible Notes and the Warrants issued pursuant to the Loan Agreement and as described below, the selling shareholders have not had any material relationship with us within the past three years.

The table below lists the selling shareholders and other information regarding the beneficial ownership of ordinary shares by each of the selling shareholders. The second column lists the number of ordinary shares beneficially owned by each selling shareholder, based on its ownership of the Convertible Notes and Warrants, as of August 15, 2020, assuming conversion of all Convertible Notes at the conversion price of \$7.88 per share that the Convertible Notes will accrue interest through January 14, 2025 at a rate of 8.2% per annum, and the exercise of Warrants that are held by the selling shareholders. The third column lists the ordinary shares being offered by this prospectus by the selling shareholders. The fourth column lists the ordinary shares held by each selling shareholder after completion of this offering, and assumes the full exercise of the Warrants held by each of the selling shareholders and that each selling shareholder subsequently sells all of the shares covered by this prospectus and assumes full conversion of the Convertible Notes. The fifth column lists the percentage ownership held by each selling shareholder after completion of this offering to the extent such percentage exceeds 1% of the total number of ordinary shares outstanding at that time. The information presented regarding the selling shareholders is based, in part, on information the selling shareholders provided to us in writing specifically for use in this prospectus. The selling shareholders may sell all, some or none of their shares in this offering. See "*Plan of Distribution*."

In addition to the assumptions described above, beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power over securities. To our knowledge, unless otherwise indicated, all persons named in the table below have sole voting and investment power with respect to their ordinary shares. Percentage of beneficial ownership is based on 50,142,711 shares of our ordinary shares outstanding as of August 31, 2020.

PLAN OF DISTRIBUTION

We are registering the ordinary shares issuable pursuant to the terms of the Convertible Notes and upon exercise of the Warrants to permit the resale of these shares by the holders of the Convertible Notes and Warrants from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale by the selling shareholders of the ordinary shares.

The selling shareholders, which as used herein includes donees, pledgees, transferees or other successors-in-interest selling ordinary shares or interests in ordinary shares received after the date of this prospectus from a selling stockholder as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer or otherwise dispose of any or all of their ordinary shares or interests in ordinary shares on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The selling shareholders may use any one or more of the following methods when disposing of shares or interests therein:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales effected after the date the registration statement of which this prospectus is a part is declared effective by the SEC;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- broker-dealers may agree with the selling shareholders to sell a specified number of such shares at a stipulated price per share;
- one or more underwritten offerings on a firm commitment or best effort basis;
- a combination of any such methods of sale; and
- any other method permitted by applicable law.

Pursuant to registration rights agreements, certain selling shareholders are generally entitled to be paid all registration expenses in connection with their registration obligations, regardless of whether a registration statement is filed or becomes effective.

The selling shareholders may, from time to time, pledge or grant a security interest in some or all of the ordinary shares owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the ordinary shares, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act, amending the list of selling shareholders to include the pledgee, transferee or other successors in interest as selling shareholders under this prospectus. The selling shareholders also may transfer the ordinary shares in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of ordinary shares or interests therein, the selling shareholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the ordinary shares in the course of hedging the positions they assume. The selling shareholders may also sell ordinary shares short and deliver these securities to close out their short positions, or loan or pledge the ordinary shares to broker-dealers that in turn may sell these securities. The selling shareholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling shareholders from the sale of the ordinary shares offered by them will be the purchase price of the ordinary shares less discounts or commissions, if any. Each of the selling shareholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of ordinary shares to be made directly or through agents. We will not receive any of the proceeds from this offering.

The selling shareholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, if available, or pursuant to other available exemptions from the registration requirements under the Securities Act, rather than this prospectus, provided that they meet the criteria and conform to the requirements of that rule. Registration of the ordinary shares covered by this prospectus does not mean that any ordinary shares will be offered or sold.

The selling shareholders may engage in at-the-market offerings and offer the ordinary shares into an existing trading market in accordance with Rule 415(a)(4) under the Securities Act on the terms described in the prospectus supplement relating thereto. Underwriters, dealers and agents who participate in any at-the-market-offerings will be described in the prospectus supplement relating thereto.

The selling shareholders and any underwriters, broker-dealers or agents that participate in the sale of the ordinary shares or interests therein may be "underwriters" within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling shareholders who are "underwriters" within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act.

To the extent required, the ordinary shares to be sold, the names of the selling shareholders, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, and any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In order to comply with the securities laws of some states, if applicable, the ordinary shares may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the ordinary shares may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

If at the time of any offering made under this prospectus, a member of FINRA participating in the offering has a "conflict of interest" as defined in FINRA Rule 5121 ("Rule 5121"), that offering will be conducted in accordance with the relevant provisions of Rule 5121.

We have advised the selling shareholders that the anti-manipulation rules of Regulation M promulgated under the Exchange Act may apply to sales of shares in the market and to the activities of the selling shareholders and their affiliates. In addition, to the extent applicable we will make copies of

this prospectus (as it may be supplemented or amended from time to time) available to the selling shareholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling shareholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

We have agreed to indemnify the selling shareholders against liabilities, including liabilities under the Securities Act and state securities laws, relating to the registration of the shares offered by this prospectus.

We have agreed with the selling shareholders to keep the registration statement of which this prospectus constitutes a part effective until the earlier of (1) such time as all of the shares covered by this prospectus and actually issued or issuable upon conversion of the Term Loans have been sold and (2) the date on which all of the shares may be sold without restriction pursuant to Rule 144 of the Securities Act.

LEGAL MATTERS

Legal matters with respect to U.S. federal and New York law in connection with this offering will be passed upon for us by Goodwin Procter LLP, Boston, Massachusetts. Certain legal matters with respect to Dutch law in connection with the validity of the ordinary shares being offered by this prospectus and other legal matters will be passed upon for us by Allen & Overy LLP, Amsterdam, the Netherlands.

EXPERTS

The consolidated financial statements, incorporated in this prospectus by reference from the Company's Annual Report on Form 20-F, and the effectiveness of the Company's internal control over financing reporting, have been audited by Deloitte Accountants B.V., an independent registered public accounting firm as stated in their reports, which are incorporated herein by reference. Such financial statements have been so incorporated in reliance upon the reports of such firm, given upon their authority as experts in auditing and accounting.

SERVICE OF PROCESS AND ENFORCEMENT OF LIABILITIES

We are incorporated under the laws of the Netherlands. Substantially all of our business is conducted, and substantially all of our assets are located, in the Netherlands. Most of our directors and the experts named in this prospectus are residents of, and most of their assets are located in, jurisdictions outside the United States. As a result, it may be difficult for you to serve process on us or these persons within the United States or to enforce against us or these persons in courts in the United States, judgments of these courts predicated upon the civil liability provisions of U.S. securities laws. In addition, it is not clear whether a Dutch court would impose civil liability on us, members of our management board, supervisory board or any of the experts named in this prospectus in an original action based solely upon the federal securities laws of the United States brought in a court of competent jurisdiction in the Netherlands. We have appointed CT Corporation System, New York, New York, as our agent for service of process in the United States with respect to any action brought against us in the United States District Court for the Southern District of New York under the securities laws of the United States or any State of the United States or any action brought against us in the Supreme Court of the State of New York in the County of New York under the securities laws of the State of New York.

As there is no treaty on the reciprocal recognition and enforcement of judgments in civil and commercial matters between the United States and the Netherlands, courts in the Netherlands will not automatically recognize and enforce a final judgment rendered by a U.S. court. In order to obtain a judgment enforceable in the Netherlands, claimants must obtain from a Dutch court leave to enforce the judgment rendered by a U.S. court. Under current practice, however, a Dutch court may be expected to render a judgment in accordance with the judgment rendered by the U.S. court, without a review on the merits of the underlying claim, if it finds that:

- the jurisdiction of the U.S. court has been based on grounds that are internationally acceptable;
- the final judgment has not been rendered in violation of the elementary principles of fair trial in the Netherlands;
- the final judgment does not contravene public policy of the Netherlands; and
- the final judgment is not incompatible with (a) a prior judgment of a Netherlands court rendered in a dispute between the same parties, or (b) a prior judgment of a foreign court rendered in a dispute between the same parties, concerning the same subject matter and based on the same cause of action, provided that such prior judgment is capable of being recognized in the Netherlands.

In the event directors or other third parties are liable towards a Dutch company, only the company itself can bring a civil action against those parties. The individual shareholders do not have the right to bring an action on behalf of the company. Only in the event that the cause for the liability of a third party to the company also constitutes a tortious act directly against a shareholder does that shareholder have an individual right of action against such third party in its own name. The Dutch Civil Code does provide for the possibility to initiate such actions collectively. A foundation or an association whose objective is to protect the rights of a group of persons having similar interests can institute a collective action. The collective action itself cannot result in an order for payment of monetary damages but may only result in a declaratory judgment (*verklaring voor recht*). To obtain compensation for damages, individual claimants can base their claim on the declaratory judgment obtained by the foundation or association but they still need to individually sue the defendant for damages. Alternatively, in order to obtain compensation for damages, the foundation or association and the defendant may reach—often on the basis of such declaratory judgment—a settlement. A Dutch court may declare the settlement agreement binding upon all the injured parties with an opt-out choice for an individual injured party. An individual injured party may also itself institute a civil claim for damages.

The following table sets forth the expenses related to the filing of the registration statement of which this prospectus forms a part, all of which will be paid by us. PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 8. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Although Dutch law does not expressly provide for the indemnification of directors, the concept of indemnification of directors of a company for liabilities arising from their actions as members of the management board and supervisory board is, in principle, accepted in the Netherlands. Our articles of association provide that we will indemnify our management board members, supervisory board members, former management board members and former supervisory board members against (i) any financial losses or damages incurred by such indemnified person and (ii) any expense reasonably paid or incurred by such indemnified person in connection with any threatened, pending or completed suit, claim, action or legal proceedings, whether civil, criminal, administrative or investigative and whether formal or informal, in which he becomes involved, to the extent this relates to his position with the company, in each case to the fullest extent permitted by applicable law. No indemnification shall be given to an indemnified person (a) if a Dutch court has established, without possibility for appeal, that the acts or omissions of such indemnified person that led to the financial losses, damages, suit, claim, action or legal proceedings result from either an improper performance of his duties as an officer of the company or an unlawful or illegal act and (b) to the extent that his financial losses, damages and expenses are covered by an insurance and the insurer has settled these financial losses, damages and expenses (or has indicated that it would do so). Our supervisory board may stipulate additional terms, conditions and restrictions in relation to such indemnification.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

ITEM 10. UNDERTAKINGS

The undersigned Registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) To file a post-effective amendment to the registration statement to include any financial statements required by Item 8.A of Form 20-F at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Securities Act need not be furnished, provided, that the Registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act or Rule 3-19 of Regulation S-X if such financial statements and information are contained in periodic reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement.
- (5) That, for the purpose of determining liability under the Securities Act to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
- (6) That, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

- (7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

We have acted as legal counsel to ProQR Therapeutics N.V, a public limited liability company (*naamloze vennootschap*) incorporated under the laws of the Netherlands, with its corporate seat in Leiden (the Netherlands) (the **Company**) on matters of Dutch law in connection with its filing of a registration statement on Form F-3 (the **Registration Statement**) with the U.S. Securities Exchange Commission (the **SEC**) on 11 September 2020 for the resale by the selling shareholders indentified in the Registration Statement of up to 2,857,254 ordinary shares of the Company (the **Ordinary Shares**).

This legal opinion is rendered to you at your request.

2. We assume:

- (a) the genuineness of all signatures on the documents referred to in paragraph 1 above;
 - (b) the authenticity and completeness of all documents submitted to us as originals and the completeness and conformity to originals of all documents submitted to us as copies or by electronic means;
 - (c) that any relevant supplement to the Registration Statement with respect to the Ordinary Shares has been filed with the SEC, and shall become effective;
 - (d) (i) that the Management Board Rules and the Supervisory Board Rules are the regulations as in force on the date hereof; and (ii) the Articles of Association of the Company are its articles of association (*statuten*) currently in force. Although not constituting conclusive evidence thereof, the Extract supports item (ii) of this assumption;
-

- (e) that the Company has not been dissolved (*ontbonden*), granted a moratorium (*surseance verleend*) or declared bankrupt (*failliet verklaard*) (although not constituting conclusive evidence thereof, this assumption is supported by (a) the contents of the Excerpt and (b) an online search in the central insolvency register on 11 September 2020;
- (f) that the Deed of Incorporation is a valid notarial deed (*authentieke akte*), the contents thereof complied with the statutory requirements at the date of incorporation and there were no defects in the incorporation of the Company (not appearing on the face of the Deed of Incorporation) on the basis of which a court might dissolve the Company or deem it never to have existed;
- (g) that the Deed of Conversion is a valid notarial deed (*authentieke akte*), the contents thereof complied with the statutory requirements at the date of conversion and there were no defects in the conversion of the Company from a B.V. into a N.V. (not appearing on the face of the Deed of Conversion) on the basis of which a court might nullify the conversion of the Company;
- (h) the Resolutions, including any power of attorney therein have not been and will not be annulled, modified, revoked or rescinded and are in full force and effect as at the date hereof and each power of attorney validly authorises the person or persons purported to be granted power of attorney thereunder to represent and bind the Company vis-à-vis the other parties to the relevant agreement in relation to the transactions contemplated by and for the purposes stated in agreements under any applicable law other than Dutch law, and that the Resolutions have been made with due observance of the statutory requirements and the provisions of the Articles of Association relating to the convening of meetings and the making of resolutions (although not constituting conclusive evidence thereof, failure to observe such provisions is not apparent on the face thereof) and that each factual confirmation and statement in the Resolutions (including any confirmation or statement on conflict of interest (*tegenstrijdig belang*)) is correct;
- (i) the Company has sufficient ordinary shares in its authorized capital to issue the Ordinary Shares;
- (j) none of the opinions stated in this opinion letter will be affected by any foreign law; and
- (k) that the documents referred to in paragraph 1 above were at their date (where applicable), and have through the date hereof remained, valid, accurate and in full force and effect.

3. This legal opinion is limited to the laws of the Netherlands currently in force (unpublished case law not included), excluding tax law (except as specifically referred to herein), the laws of the EU (insofar as not implemented in Dutch law or directly applicable in the Netherlands), market abuse laws and competition or procurement laws.

No undertaking is assumed on our part to revise, update or amend this opinion letter in connection with or to notify or inform you of, any developments and/or changes of Dutch law subsequent to the date hereof.

We express no opinion as to matters of fact in this legal opinion. We assume that there are no facts not disclosed to us, which could affect the conclusions in this legal opinion.

Our willingness to render this opinion letter is based on the condition that you accept and agree that (i) the competent courts at Amsterdam, the Netherlands have exclusive jurisdiction to settle any issues of interpretation or liability arising out of or in connection with this opinion letter, (ii) all matters related to the legal relationship between yourself and Allen & Overy LLP and all individuals associated with Allen & Overy LLP, including the above submission to jurisdiction, are governed by Dutch law and the general terms and conditions of Allen & Overy LLP, (iii) any liability arising out of or in connection with this opinion letter shall be limited to the amount which is paid out under the insurance policy of Allen & Overy LLP in the matter concerned and

(iv) no person other than Allen & Overy LLP may be held liable in connection with this legal opinion.

This legal opinion is strictly limited to the matters stated in it and does not relate to any other agreement or matter and may not be read as extending by implication to any matters not specifically referred to. Nothing in this opinion should be taken as expressing an opinion in respect of any representation, warranty or other statement or other information as to factual matters contained in any document referred to herein or examined in connection with this opinion except as expressly confirmed herein.

4. Based on the foregoing and subject to the qualifications set out below, we are of the opinion that:
 - (a) **Corporate status.** The Company has been duly incorporated as a private limited liability company (*besloten vennootschap met beperkte aansprakelijkheid*) and is validly existing as a public limited liability company (*naamloze vennootschap*) under the laws of the Netherlands.
 - (b) **New Shares.** Subject to receipt by the Company of payment in full for the Ordinary Shares, and when issued and accepted in accordance with the Loan Agreement, the Warrant Agreements, as the case may be, the Resolutions, and the Articles of Association, the Ordinary Shares will be validly issued, fully paid and non-assessable.

 5. This legal opinion is subject to the following qualifications:
 - (a) The opinions expressed in this legal opinion may be affected or limited by (i) the general defences available to obligors under Netherlands law in respect of the validity and enforceability of agreements; and (ii) the provisions of any applicable bankruptcy (*faillissement*), insolvency, moratorium (*surseance van betaling*), fraudulent conveyance (*Actio Pauliana*), reorganisation and other or similar laws of general application now or hereafter in effect, relating to or affecting the enforcement or protection of creditors' rights.
 - (b) As used in the opinions in paragraph 4(b) of this opinion letter, the term "non-assessable"—which term has no equivalent in Dutch—means that a holder of a share will not by reason of merely being such a holder, be subject to assessment or calls by the Company or its creditors for further payment on such share.
 - (c) Under Dutch law, each power of attorney (*volmacht*) or mandate (*lastgeving*), whether or not irrevocable, granted by the Company will terminate by force of law and without notice, upon bankruptcy of the Company. To the extent that the appointment by the Company of a process agent would be deemed to constitute a power of attorney or a mandate, this qualification would apply.
 - (d) This opinion letter does not purport to express any opinion or view on the operational rules and procedures of any clearing or settlement system or agency.

 6. In this opinion, Dutch legal concepts are expressed in English terms and not in their original Dutch terms. The concepts concerned may not always be identical to the concepts described by the English terms as such terms may be understood under the laws of other jurisdictions. This legal opinion is given on the express basis, accepted by each person who is entitled to rely on it, that this legal opinion and all rights, obligations or liability in relation to it are governed by Dutch law.

 7. This legal opinion is given exclusively in connection with our representation of the Company and for no other purpose.

 8. Notwithstanding the previous sentence, this opinion may be disclosed, quoted, or referred to without our written express consent (i) if such disclosure, quotation or reference without our written consent is required by law, court order or any competent regulatory authority, *provided* that you shall notify us immediately or as soon as otherwise possible after such disclosure, quotation or reference or (ii) to the extent that such disclosure, quotation or reference is required (a) to any of your insurers in respect of any claim or potential claim against you or (b) for evidence in court or similar proceedings in which you are a defendant, *provided*, in each of the events referred to in
-

(a) and (b), that you shall notify us prior to any such disclosure, reference or quotation being made.

9. We consent to the filing of this opinion letter as an exhibit to the Registration Statement and also consent to the reference to Allen & Overy LLP in the Final Prospectus Supplement under the caption "Legal Matters".

Yours faithfully,

/s/ Allen & Overy LLP
